Mike,

Sorry. Meant to call you back. Got your vmail. Happy to review. I'll get you comments by Friday at the latest (hopefully tomorrow).

Tina

Subject: Flathead Lake standards

Hi Tina, Eric;

When you have a moment please look over this brief rationale memo addressing why the department is adopting numeric standards for Flathead Lake. Please let me know if it is reasonably clear.

Tina, we intend to enter this into the record during the hearing. But the Flathead Basin Commission wants to meet and discuss this issue prior to the hearing and I want to send the memo to them ASAP. Your thoughts are appreciated.

Thanks, Mike
